Hi, Carol Werner here, President of Sewfine Interior Products. If you don't know about our company, **it was our original designs that started the Graphic Craze and Custom Styles for the custom Volkswagen world that is still so popular today.** What brought customers to Sewfine was not only our pace-setting style, but also the vast selection of colors and textures. Coupled with the highest quality products possible, Sewfine rapidly became a household name worldwide for the Volkswagen enthusiast. It remains so, still today, **35 years** later!

We Never Compromise Quality. All the materials we use are the best possible. We care about what you don't see, as much as what you do see. We do not cut corners where it can't be seen; we never lower our quality standards. Even the thread and bindings we use matter to us. We look after the details you don't even think about.

Thanks for shopping with us.

BAY WINDOW SEATS

BAY WINDOW FRONT BUCKET SEAT IDENTIFICATION GUIDE

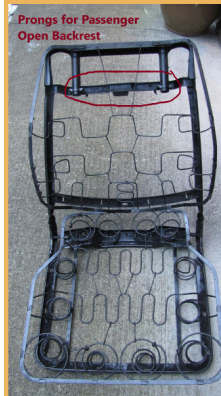

A. 1968-1974 PASSENGER BUS 1968-1974 WESTY

- These seats are basically a square Backrest and square Seat Bottom.
- The Passenger Seat is OPEN BACK.
- The Driver Seat is CLOSED BACK.
- In 1973, they can be With or Without Headrests.
- The Backrest and Seat Bottom do not separate from each other.
- The Seat Bottom cover attaches on the underside with a String (or wire), running thru a bottom hem.
- The Driver Seat Recliner adjusts with the Handwheel.

B. 1975-1976 PASSENGER BUS 1975 WESTY

- The backrest is tapered upward (narrower at the top).
- The 2 back corners of the Seat Bottom are curved inward (like an hour-glass).
- The Passenger Seat is OPEN BACK.
- The Driver Seat is CLOSED BACK.
- These seats are exactly like the 1976-1979 seats except the Passenger seat is OPEN BACK.
- The Passenger seat is fixed to the base; and can move forward or back only 1 notch on the mounting bracket.
- The Driver seat moves on a Slider forward and back.
- The Seat bottom cover attaches to the underside with plastic (or cardboard) that tucks into a groove.
- These seats have Metal Walls behind them.

C. 1976 WESTY 1977-1979 PASSENGER BUS 1977-1979 WESTY

- There is NO METAL WALL behind these seats.
- Both Passenger and Driver Seats are CLOSED BACKS.
- The backrest is tapered upward. (narrower at the top).
- The 2 back corners of the Seat Bottom are curved inward (like an hour-glass).
- Both seats are mounted on Sliders and can adjust Forward and Back.

ROCK AND ROLL BED UPHOLSTERY SET

Put your frame together and fit it inside your Bus. Cut the wood (1/2") and attach it to the frame. (We recommend using T-nuts for their best final look). Then, make an EXACT template of your wood pieces (Backrest and Bottom, and mail them to us. From your templates, we will cut the foam and sew the cover ready for you to install.

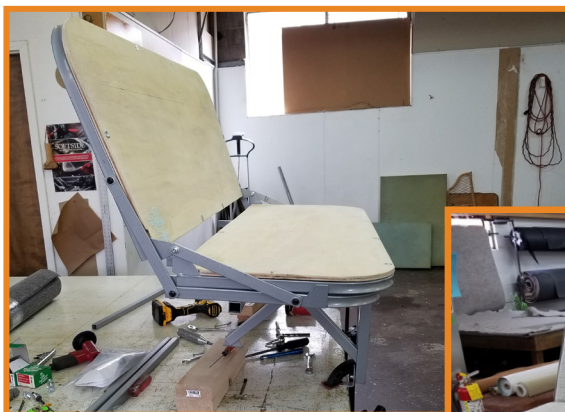

Upholstery style can be "One Simple Line of Pleats" (shown), Standard Insert, or Deluxe Insert

Pricing for any of the above styles is \$1550 for 2 Pc Foam and Complete Cover in Group A Fabric or Vinyl.

Pricing for any of the above styles is \$1650 for 2 Pc Foam and Complete Cover in Group B Fabric or Vinyl.

* The foam will be 3" thick (this is what the hinge system on this frame allows for.) Oversize shipping applies.

** A matching Rear Cargo cover can be made, but it is difficult to judge the thickness it needs to be until the upholstered frame is mounted in the vehicle. The rear cargo will be a solid color to match the seat cover.

BURLAP WRAP

We use a heavy duty vinyl or fabric as a substitute for burlap to cover the seat frames before applying the new foam padding.

It adds support under your new foam cushions

50-001.....\$11/yd

(2 yards for bucket seats, 3 yards for full bench)

WE HAVE 3 DIFFERENT PATTERNS FOR MIDDLE W/ FOLD SEATS. THIS IS HOW WE DIFFERENTIATE THEM:

1960-1964: The small backrest cover is equal on both side of the bottom edge, and rounded. Refer to "A" above. The top corners of the back side of the backrest cover have SQUARED corners to allow for the grab handles.

1965-67: The small backrest cover is different on the 2 bottom edges. The left side has a large cut-out. Refer to "B" above. The top corners of the back side of the backrest cover have SQUARED corners to allow for the grab handles.

1968-79: The small backrest cover is different on the 2 bottom edges. The left side has a large cut-out. Refer to "B" above. The top corners of the back side of the backrest cover have ROUNDED corners.

UPHOLSTERING NECESSITIES

Upholstering seat covers is no easy task. Here are the essentials we use every day.

BAY WINDOW TOP CAPS 1968-'72

#50-022 .. \$125/pr (Bucket seats)
 #50-023 .. \$125 ea (Middle w/fold larger backrest)
 #50-024 .. \$150/set (1/3, 2/3 front)

These top caps give shape to the back side of the seat back. If yours are broken or missing, your seat covers will not upholster correctly without new ones.

BASIC HOG RING KIT

Kit includes Basic, one time use Pliers and plenty of Rings!

#50-110 \$15

STANDARD HOG RING PLIERS

Professional Upholstering Tool that will hold the rings in position by an internal spring system.

#50-111 ... \$30

HOG RINGS

A bag of 100 Hog Rings

#50-113 ... \$7

REPLACEMENT SEAT FRAME TABS

An absolute must for seat upholstery. Before now, if the prongs on the bases of your seat frames are broken off, there were few alternatives other than a sheet metal screw. By replacing the broken tabs with new ones, installation can be done the original way to prevent tight and loose spots on the seat covers

#50-020 ... \$2.60 each OR : #50-021 ... 5 for \$12

YOU'LL NEED SOMETHING TO REDUCE THE FRICTION OF "FOAM ON FOAM" WHEN INSTALLING SEAT COVERS. WE GET CALLS ALMOST EVERY DAY CLAIMING THE COVERS ARE TOO SMALL. TRY MAKING THE SURFACE SLIPPERY, AND SEE HOW EASY THE JOB GETS.

SILK WRAP

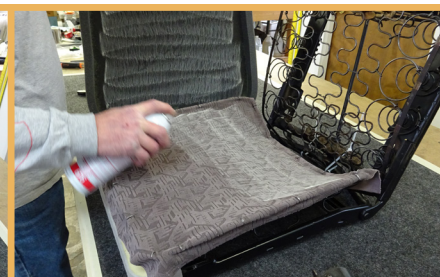

Very thin, plastic sheeting, meant to stay in place after covers slip on.

#50-108 ... 54" Wide ... \$4/yd

SPRAY ADHESIVE

This is a product we use every single day. It will hold Seat Foam in place, hold Headliners in place; secure Carpet pieces to the floor ... You will use this everywhere.

HOW WE SOLVED THE PROBLEMS:

Call us if you have a problem area...
We most likely can help with a solution!

PROBLEM: "I don't have the wood panel that fits under my rear seat."

SOLUTION: We can make a new panel, cover it in vinyl or carpet. It will have the clamps on the backside... \$200

PROBLEM: "I have the panel under my rear seat that has the aluminum trim at the bottom, and the clamps on the backside, but it is ugly."

SOLUTION: Send us your panel with the aluminum trim already cleaned up. We will cover it with vinyl or fabric, tucking the bottom edge under the aluminum.....\$200

PROBLEM: "I don't have the rubber for under the package tray wall, or I don't like the color of the one I have."

SOLUTION: Choice A- Flat carpet bound on 3 edges, ready to float over the sculpted area.... \$50 Loop and Cutpile. \$125 for Squareweave Carpet.

Choice B- A tailored carpet to fit inside the sculpted area... \$80 Loop and Cutpile. \$175 for Squareweave Carpet.

Panel below middle 3/4 or Panel below full with fold ... \$70

VANAGON ADJUSTABLE ARMREST REPAIR:

The knob can be removed from the armrest, but ONLY THE KNOB. If the long black rod comes all the way out of the armrest with the knob, you are in trouble. You unwound the rod too far, and now it is EXTREMELY difficult to put back together.

We can do a complete tear down of the armrest, Adjust the inner mechanisms, and get the armrest working properly again! \$50 per armrest for repair.

Install of your new armrest cover is included.

YOU'LL NEED SOMETHING TO REDUCE THE FRICTION OF "FOAM ON FOAM" WHEN INSTALLING SEAT COVERS. WE GET CALLS ALMOST EVERY DAY CLAIMING THE COVERS ARE TOO SMALL. TRY MAKING THE SURFACE SLIPPERY, AND SEE HOW EASY THE JOB GETS

SILK WRAP

Very thin, plastic sheeting, meant to stay in place after covers slip on.

CARAT REAR SEAT COVERS

There are 2 defining features for the Carat Rear Bench. 1) The lower banding (the skirt) in a separate piece of fabric, as opposed to a "Waterfall Front" that is seen on the Weekender models, where the top fabric simply wraps around the front edge and continues to the bottom of the seat foam. 2) It looks like a full size 7 passenger seat, but is a little shorter to accommodate for the molded plastic armrests in the Carat models. Be SURE you know which seat you have before ordering!

CARPET KITS FOR ALL VAN MODELS

9 Piece Carpet Kit
Copyright © 2001
Slick Rides, Inc.
dba Sewfine Interior Products
All Rights Reserved.

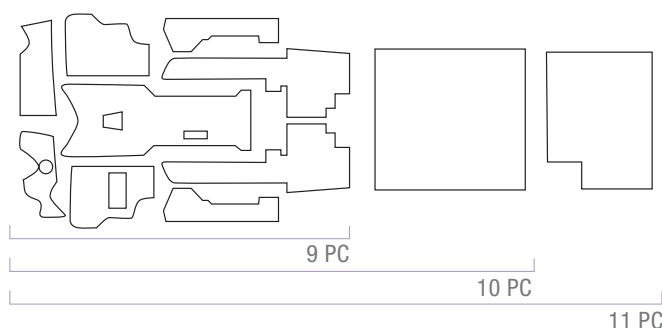

ALL VANAGONS, REGARDLESS OF YEAR OR MODEL (1980-91), USE THE SAME 9PC CARPET KIT TO COVER THE AREA FROM THE FRONT SEATS FORWARD. THESE 9PC FRONT CARPET KITS INCLUDE PIECES TO COMPLETELY WRAP THE SEAT PEDESTALS, THE ENTIRE FRONT FLOOR AREA, AND THE FRONT FIREWALL.

CAMPER KITS

If you add carpet to cover the Middle Area, you have 2 choices of floor coverage. The larger piece installs as original UNDER THE CABINETS. If you don't want to remove the cabinets, use the smaller size, and you'll receive a piece that fits INSIDE THE CABINET AREA that functions like a Floor Mat (W/ Felt Backing).

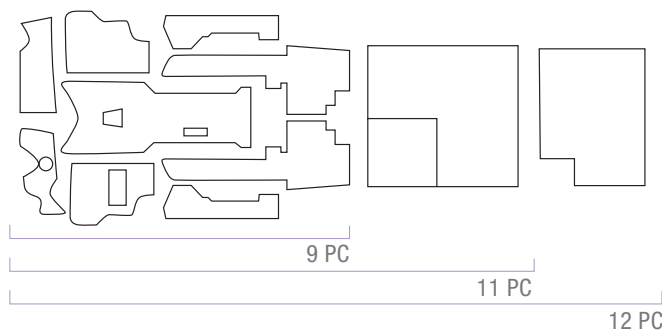

And...if you'd like to add carpet in the Rear Area (11pc), we can do that, too. It helps protect the cargo sleeper cushion, and adds more insulation and sound deadening.

WEEK-ENDERS KITS

If you add carpet to cover the Middle Area, you will receive 2 pieces; one that covers the larger floor area, and one that fits neatly "inside the Box"! Both of these 2 Pieces are backed with a Grey Felt Liner before Binding to give it a more Rigid Back it then functions like a Floor Mat and can be easily removed to clean. These pieces are not intended for Glue-In installation.

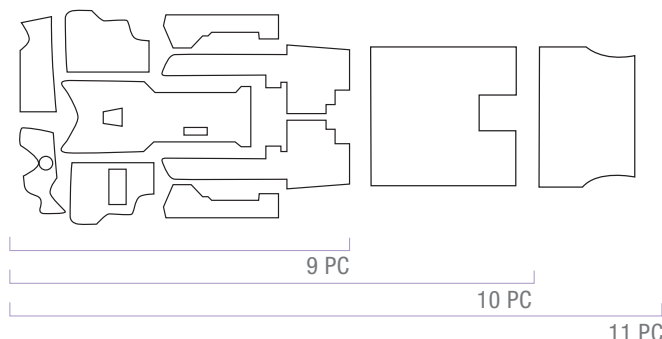

And....if you'd like to add carpet in the Rear Area (12pc), we can do that, too. It helps protect the cargo sleeper cushion, and adds more insulation and sound deadening.

MV & 7 PASS. VANS

If you have a Multi Van (or a Carat model) with 2 rear facing jump seats, or a regular Passenger Van, the carpet to cover the Middle Area covers the entire area, even under the rear facing seats. The carpet is not cut for the Rear Facing Seat mounts so you can choose to not use those seats and still have full floor coverage.

And...if you'd like to add carpet in the Rear Area (11pc), we can do that, too. It helps protect the cargo sleeper cushion, and adds more insulation and sound deadening.

SPRAY ADHESIVE

Use to install Carpet pieces and Insulation.
We recommend 2-3 cans for a full carpet install

RETROFIT CURTAIN RODS

BAY WINDOW 68-79
VANAGON 80-91

RETROFIT CURTAIN RODS ARE MADE FROM THE SAME WEIGHT ALUMINUM AS THE ORIGINAL RODS WERE. THE ROD ON THE DRIVER'S SIDE WAS ORIGINALLY ONE LONG ROD, WHICH WE SUPPLY AS A 2 PC THAT OVERLAPS AT THE CENTER POINT. THESE RODS CAN EASILY RETRO-FIT INTO ANY BAY WINDOW (68-79) AND ALL VANAGON MODELS (80-91) THAT DID NOT ORIGINALLY COME WITH CURTAINS.

BETTER CURTAIN FABRICS

“BETTER” CURTAIN FABRICS ARE PRINTED ON FRONT SIDE ONLY. THIS SIDE WILL BE SHOWING INSIDE THE VEHICLE. THE REVERSE SIDE (SHOWING TO THE OUTSIDE) IS A BACKING (USUALLY BLACK) THAT IS ADDED FOR FABRIC STRENGTH, AS WELL AS LIGHT BLOCKING FEATURES.

ALL GROUP A TWEED FABRICS SHOWN ON PAGE 54 MAY BE USED AS A “BETTER” FABRIC SELECTION. TWEED FABRICS ARE HEAVIER WEIGHT, SO DO NOT GATHER AS TIGHTLY.
